

# Technical specifications : A4 copy paper

## King (Multi-Purpose) Grade

**Our King grade of A4 office paper** manufactured in China is our multi-purpose grade of paper. Quality is very high, brightness above 100, and finish and surface very nice. This paper is suitable for export to most markets and is made from 100% woodfree pulp. This paper is comparable to value grades or 'Multi-Purpose' from Double A, PaperOne, and APP. It is ultra bright, very smooth, low dust, and fit for all uses. We offer this grade in 70, 75, and 80GSM

Item	Unit	Specification

- Honest and trustworthy service: Deal with an American managed and owned company in China.
- Proven quality: We control the quality by owning our own converting factories in both Shanghai and Shandong. Our Quality Control team is on site to physically inspect shipments.
- On time delivery: We offer some of the fastest order turn-around times in China.
- Low prices: Our monthly volume of purchasing is large and this volume ensures that in most cases our prices are the lowest you will find.
- Focus on long-term business relationships: We are here for the long term and welcome customers who are as well.
